Lincoln Parks and Recreation Assessment Project

Executive Summary

Mission

The Park & Recreation Committee's stated purpose is to advise the City Council on policy issues affecting the City's parks, trails, facilities and recreational programs including, but not limited to: facility expansion, facility and program fees, creation of new programs, reduction or change in program capacity, and marketing of park facilities and programs.

Guiding Operational Moto

How can we help?

Bottom Line:

The Committee generally found the parks, trails, facilities and recreational programs to be in very good condition, which serves as a tribute to the City Council and City Staff responsible for their oversight & maintenance.

Major Park & Recreation happenings in 2018 included:

- Major enhancements were made to McBean Baseball Stadium (new restrooms)
- A brand new park was opened (Atkinson Park)
- A dog park was added to McBean Park

○ Parks and Recreation Articles in Lincoln News Messenger for 2018 included:

January - The use of goals and objectives to promote better use of our parks

March - Tennis anyone?

April - The Lincoln Rodeo Grounds – a community treasure

June - Playing ball in Lincoln, an 80-year experience, Part one

June - Playing ball in Lincoln, an 80-year experience, Part two

- Both the **William Jessup University** and the **Lincoln Potters** baseball teams had **OUTSTANDING** years
- **THE MAJORITY OF THE SHORT TERM 2018 IDENTIFIED NEEDS HAVE BEEN TAKEN CARE OF - GREAT JOB CITY STAFF**
- **THE NUMBER OF LINCOLN YOUTH PARTICIPATING IN RECREATION OR CLUB SPORTS CONTINUES TO INCREASE – when one includes travel team participants**
- **ALL SPORTS VENUES NEED ADDITIONAL FIELDS/GYMS TO ACCOMMODATE INCREASED PARTICIPATION GROWTH**
- **THE RECREATION DEPARTMENT AGAIN OPERATED IN THE BLACK (revenues generated exceeded expenses) – which is a major accomplishment for recreation departments.**

The committee owes a special vote of thanks to Jennifer Hanson, Doug Brown, Scott Boynton, and Amy Gregory for their assistance in preparation of this report and for their ongoing support throughout all of 2018 = A TEAM EFFORT.

2018 ASSESSMENT METHODOLOGY

As shown in the diagram below assessments of Parks, Facilities, Trails & Programs are based on multiple inputs with the P&R Committee being the summing point for all inputs.

In addition to obtaining inputs from a wide variety of users, committee members also make personal visits to their assigned parks/facilities/trails and do their own assessment. This assessment program was modified last year to get all the committee members involved in this effort as follows:

- **Parks Oversight Program:** Each committee member agreed to select two parks for periodic visits and to report any problems observed to city staff. In addition, they were asked to make suggestions to improve their parks' environment.
- **Trails Sub-Committee** to inspect the City trails system and make recommendations for improvements.
- **City Facilities Sub-Committee** to inspect City facilities that are used and leased by the City Parks & Recreation Department and make recommendations for improvement.

PROGRAMS

	MEMBER	COMPLETED	OPEN	NEW/
Recreation Department Programs	Datzman Moore Ueltzen	See below		

As per instructions from the City Council every effort is made by staff to assure that the various programs provided are offered on a cost recovery basis. Our interviews confirmed that staff has accomplished the following;

Staff is not only recovering costs but is and has been for the past few years operating in the black = bringing in more money than they are spending – which is an achievement reached by very few rec departments.

Offered a variety of programs varying from basketball, volleyball, swimming, ballet and dancing classes, etc. A key offering is the Kids Kamp program conducted in the summer, fall, and winter seasons. The program is operated with paid staff and assistance from student volunteers. The Kids Kamp is very popular and can include as many as 145 participants ranging from 5 to 12 years of age.

The successful administration of the programs can be attributed to a talented and committed staff. Staffing is limited making the importance of teamwork even more evident. The cost- effectiveness of these programs can be attributed to staff focus.

Many of the program activities occur on school campuses (including gymnasiums and classrooms) and these demonstrate the positive values in a joint working relationship. The spirit of cooperation between WPUSD personnel and our staff is excellent.

SPORTS TOURISM

OVERVIEW – PLACER VALLEY

VISITOR SPENDING AFFECTS MORE THAN JUST THE HOTELS, WITH THE AVERAGE OUT-OF-TOWN VISITOR SPENDING NEARLY \$100 A DAY!

From the time guests arrive to town, they stay in hotels, eat in the local restaurants, buy gas for their vehicles, stock up on essential supplies (bottled water, snacks, etc.), and enjoy the local amenities.

HOTEL INDUSTRY DIRECT ECONOMIC IMPACT FOR ROSEVILLE, ROCKLIN AND LINCOLN for 2017:

- Generated over \$76,500,000 in hotel sales
- Hotel guests spent an additional \$127,600,000 shopping, dining and recreating at local businesses
- Hotels employ more than 530 people
- Hotels spend nearly \$4,000,000 on local goods and services
- Hotels provide more than \$4.6M in Transient Occupancy Tax (TOT) to our cities' General Fund, a 3% increase from 2016

PLACER VALLEY TOURISM

South Placer Tourism, Inc., doing business as Placer Valley Tourism (PVT), is a Business Improvement District (BID), formed in 2004 by the City of Roseville under provisions in the California Streets and Highways Code Section 36500-36504, which is known as the "Property and Business Improvement District Law of 1994". The organization is classified for tax purposes as a 501(c)6.

The geographic footprint of PVT consists of the three cities of Roseville, Rocklin, and **Lincoln**, California. PVT exists to market the three-city region as a tourism destination in order to generate incremental room nights in hotels in the cities. Each hotel property within the footprint pays a \$6.50 assessment into the BID for each paid room night in the respective hotel.

A PVT overview video can be found on YouTube at <https://youtu.be/L2N9U64SFVk>
